

User Stories:

As a user, I want...

- To be shown alternative meeting options if not everyone can meet at one time.
- To be able to select the BEST time for the group
- To be able to create groups and save them so that I can stay in touch with specific project teams
- To be able to have an extremely simple way to find good meeting times. (i.e. one touch)
- To be able to set meeting time length such that the app returns only options that satisfy this time requisite
- To have a chat box for groups to make communication easy and have available meeting times visible next to the chat box.
- Option for repetitive schedule or a one time event (after finding a meeting time)
- To have a start/end date where the weekly meetings will start/stop appearing on the group member's schedules.
- be able to vote on something in a group (an event, a meeting time, ...)
- I want to be able to login in to the app.
- To have a unique username but have whatever profile name I want.
- I want to be able to change my name once I'm in the app.
- I want to be able to view my schedule
- I want to be able to add a friend (using email).
- I want to be able to remove a friend
- I want to be able to see a list of friends
- I want to add a friend to a group (using auto-complete with Name).
- I want to be able to say I'm busy during certain times in my schedule.
- I want to be able to name the events in my schedule.
